THE WATER BOARD.

Business Done at Saturday Night's Meeting.

ELECTROLYSIS DOING MUCH DAMAGE

Electrician Sheehan Urges the Necessity of Prompt Action—Other Matters of Much Importance Disposed of.

Electrolysis is injuring the water mains in this city and expert W. M. Sheehan, of Newburgh, has rendered a report to the Water Board, accompanied by a letter which was read at Saturday night's meeting to all of the members, which said in part:

"I cannot urge too prompt action on the part of the Water Commissioners in this matter. Unless the conditions which now exist, are speedily checked and effectually remedied serious results are bound to follow."

The report, which is of a great length, was referred to Commissioners Dorrance and Dicks, to examine it and formulate recommendations and present them to the Common Council.

Other matters before the Board and their disposition follow.

At the request of Agent Terwilliger the S. and W. R. R meter rate was made $7 per month.

Superintendent Davey was instructed to investigate the claim that excess charges are made at William Secholzer's restaurant in the O. and W. station.

The complaints of excessive frontage tax made by Dill Cranston, East Main street, W. D. Stratton, Wisner avenue, and Mrs. Anna Purdy, Railroad avenue, were referred to the same authority for investigation.

City Attorney John L. Wiggins informed the commissioners that property purchased with pension money is exempt from frontage tax.

The clerk reported that the amount of delinquent water rents is $1663 38, including the $50 claim against the Truex estate.

Several bills were referred to the city attorney, and in several cases the water will be shut off unless the rent is paid.

John Stevenson was granted a license to do plumbing work in connection with the water works.

About 171 feet of six inch pipe was ordered laid in Houston avenue, from Prospect avenue to Lafayette avenue.

A communication was read from the Continental Filter Company, in which it stated it had awarded the contract to John W. Ferguson, of Paterson, though it regretted it had not been able to award it to local contractors.

Superintendent Davey reported that the depth of Monhagen Lake is twenty-one feet nine inches and the depth of Highland Lake is nineteen feet three inches, and the rainfall for July was 8.17.

The pipe which has been distributed along Linforth avenue will be laid this month.

A pipe 100 feet long and six inches in diameter will be laid in Wawayanda avenue to connect with the tannery.

The Crown meters were ordered.

The Thompson Meter Company was notified for the last time that when its would furnish a bond of indemnity against suits for infringement in any accredited surety company its bill of $1,676 will be paid.

Bills amounting to $262 were audited and the Board adjourned.

CHANCE FOR MIDDLETOWN

Baltimore Canning Concern Looking for an Eastern New York Location.

J. C. Farren & Co. of Baltimore, Md., who are extensively engaged in canning fruits and vegetables, are anxious to locate a factory somewhere in eastern New York. The senior member of the firm, who is spending the summer at Saratoga, has been in correspondence with several cities, investigating the advantages they can offer, but no selection has been made as yet. The factory will employ 1,000 hands when in full operation. No financial aid is asked or expected by the firm but it believes that it should be helped to secure a site.

It would not be a bad thing for Middletown Board of Trade to put itself in communication with this firm and let it know the advantages this city offers for such a factory.

RUSH OF SUMMER TRAVEL.

O. and W. Took Sixty-One Carloads of People into Sullivan County, Saturday.

The Ontario and Western Railroad carried sixty-one carloads of passengers up into Sullivan county, Saturday. There were great crowds of people at all stations between this city and Rockland to meet the arrivals, and every horse and conveyance in Sullivan county seemed to be lined up at these stations. The trains down to New York, this morning, were well filled with people who had merely been in Sullivan county to spend Sunday.

Judge Refuses to Annul a Second Marriage.

Charles M. Lowe, in 1880, married Miss Lizzie Schoonmaker, at Ellenville. After they had lived together for many years he moved to Poughkeepsie, where, in 1886, he married Ruth A. Winchell. Now he is tired of her and asked to have the marriage annulled on the ground that when he married Miss Winchell he supposed his first wife was dead. Judge Bookstaver refused to grant the relief asked for.

ON THE GOLF LINKS.

Interest in the Game on the Increase—Some Who Are Making Good Scores.

From the Goshen News.

The interest manifested in golf by its devotees at Goshen and Middletown, is apparently on the increase. The club membership continues to grow, and the treasury is benefitted by a number of special tickets being sold to summer guests.

Among the local novices, E. Dikeman and Dr. F. W. Seward, Jr., seem to exhibit the greatest degree of proficiency, their scores usually being under the sixty mark. R. Brewster Beattie, of Middletown, a veteran player, is perhaps the most expert, and usually rubs an edge off the forty score when he sets out to do his best.

The "greens" are not in very good shape, but this defect is being gradually improved. The links are said to be among the finest natural ones in the country, and considering the fact that only since May 30th, have they been open for play, the grounds are in very good condition. Mr. Sharp, the professional, who is at the links at all times, has established the "Bogie" score at thirty-five.

The ladies of the club have become infatuated with the game, and many of them give evidence of considerable skill. As a rule the ladies show better "form" in their play than the gentlemen. The best round yet made by a lady is in the neighborhood of seventy-five. This will soon be lowered, as Miss Thompson, Miss Stout and Mrs. Clark, of Middletown, Miss Sayer, Mrs. VanNuyse and the Misses Grier, of Goshen, with Miss Frost, Miss Seward and several others, are beginning to display such skill and form as to place the record in deadly peril.

The writer of the above neglected to mention several Middletown players who have so mastered the game as to make good scores. Among them are O. S. Fellows, who can "go round" in less than fifty, D. Hastings Canfield, Paul Canfield, Merritt I. Beers, Rob Shepard and Walter J. Aird.

HUNG BY THE NECK.

A South New Berlin Farmer Meets a Peculiar Death.

From the Walton Reporter.

John Flagg, a middle-aged man, who resides about four miles from South New Berlin, met with a peculiar death, Friday afternoon. He was returning home from South New Berlin alone, riding on a hay rack and driving the team. He fell through the hay rack and in some manner his head caught between the slats. When found by another traveler the body was hanging by the neck. All efforts to resuscitate the unfortunate man were unavailing. Flagg was a farmer and leaves a wife and one daughter.

ERIE WRECK VICTIMS.

Only Two Passengers and Five Railroad Men Left in Hospital.

All but two of the passengers injured in the Erie wreck near Lackawaxen have left the Port Jervis Hospital. Those who remain are Miss Jeanette Moore, of Cleveland, who was badly burned about the back and legs, and Mrs. F. C. Heath, of New York.

There are five railroad men in the hospital who are all doing well. Engineer Shay, who was severely hurt, is making rapid progress toward recovery.

Spent Sunday in Sullivan County.

The O. and W.'s morning train had a number of well known Middletowners on board, who had been spending Sunday up the road. Among them were C. R. Fuller, A. L. Decker and Dr. Powelson, who had been at Rockland: W. W. Taylor, from Liberty. Ralph D. Stratton, Mountaindale, Mrs. E. B. Quick and son, Liberty, and Gilbert Beebe, Fallsburgh.

Asst. District Attorney Seeger, of Newburgh, was also on the train, having been at White Lake.

Arcanums Defeated by Asylums.

The Asylums defeated the Royal Arcanum team, Saturday afternoon, in a game replete with errors, and the spectators were doubtless glad when it was over. The score was 20 to 14, and the runs were not made on safe hits. The Arcanums were handicapped by not having a catcher who is in practice. A return game will be played at an early date.

Keeping Tab on Poughkeepsie's Policemen.

The president of Poughkeepsie's police board and one of its members did duty as roundsmen, a night or two ago. They found one officer sound asleep on a porch. He was suspended at once. Two other officers were spotted as they were coming out of a saloon in full uniform. Charges will be preferred against them.

NO PLACE LIKE HOME

Mr. and Mrs. S. W. Robertson's Pacific Coat Trip.

SAW MANY OF NATURE'S WONDERS

The Route They Traveled in Their Five Weeks' Journeyings—Satisfied That There's No Place Like Orange County.

Assistant Cashier S. W. Robertson, of the First National Bank, and his wife, returned, Saturday evening, from a five weeks' trip to the Pacific coast. They brought back with them renewed health and strength and a store of information and a fund of recollections worth many times all that it cost.

In their many thousand miles' journey Mr. and Mrs. Robertson were accompanied by their nephew and niece, Mr. and Mrs. A. Wyckoff, of Newark, N. J.

Starting from New York, July 1st, the party took in many of the long since made famous places of interest in the Middle West, the far, far West and the Pacific Slope. In Colorado, they did Cheyenne Canon, William's Canon, Cave of the Winds and Pike's Peak. Then, via the Denver and Rio Grande Railroad, they explored the Royal Gorge, after which they crossed the "Rockies" to Los Angeles and Pasadena. Here a day was spent in driving by carriage through the famous Baldwin ranch of 55,000 acres, and here, too, they being in the most famous fruit region of the Golden State, they feasted upon peaches, pears, plums, apricots and melons galore, and in their highest perfection whether from trees or vines. Spread before them, Mr. Robertson says, were 1,500 acres devoted to the growing of English walnuts, lemons and oranges; but, imposing as is this ranch, he was told that in the San Joaquin Valley there are 280,000 acres devoted to these products. Here, too, they lingered, all too briefly, among the world-wide famous flower region of Pasadena, the charms of which, he says, baffle description.

Going thence to San Francisco, they spent two days there, finding royal entertainment at the Palace Hotel.

On the return trip five days were spent in doing the wonders of that much written of wonderland, Yellow Stone Park.

Reaching Duluth, via the Northern Pacific Railroad, they embarked by steamer for Buffalo; this was a much enjoyed episode of their altogether much enjoyed long journey.

It is to be remarked that Mr. and Mrs. Robertson say, with marked emphasis, that dear Old Orange county is more than ever dear to them now that they have enjoyed opportunity to contrast its many and varied charms with the attractions afforded by any and all parts of the many thousand miles of the country which was altogether new to them, and therefore all the more likely to favorably impress them.

Whether for quality and variety of climate; for beauty of skies, for charm of scenery for good eating and for enjoyable living, for, in fine, all the things which attach one clingingly to this earth and to this existence, give them, they say, their probation here in this State, and, above all, in the county of their nativity.

CHAIRMAN ODELL RETURNS.

Enthusiastic Over England's Treatment of Americans—To Devote His Energies to the Coming Campaign.

Chairman B. B. Odell, Jr., of the Republican State Committee arrived Saturday morning on the St. Louis, accompanied by his family. They had been away exactly six weeks. They spent the the entire time in Great Britian. All are in good health. After a short stop at the Fifth Avenue Hotel they took the 11:35 train for Newburgh.

Chairman Odell said that he had paid no attention whatever to local or State politics, but had devoted his entire time and attention to sightseeing. He was very enthusiastic over the cordial treatment accorded by Englishmen to Americans, and the friendly expressions which were everywhere heard concerning American people and institutions.

"I did not see anything abroad that gave me such genuine pleasure as the sight of Sandy Hook this morning", he said. "I enjoyed myself evey minute of the time I was away, but I am glad to get home just the same."

Mr. Odell will be the guest at a little dinner which some of his business associates in Newburgh proposes to give him this evening After a few days in Newburgh he will be at Republican State headquarters a good share of his time, and he said that he intended to devote most of his energies to the coming campaign. Secretary Fox of the committee, Shipping Commissioner Dickey of Newburgh, and two or three friends of Mr. Odell from the latter city met him at Quarantine.

DRAGGED FOR A MILE.

Constable Joseph Scott, of Burlingham, Badly Hurt on the Barrens.

Constable Joseph Scott and Frank Little, of Burlingham, drove to Rock Hill, Saturday, to collect a bill. Sunday morning, when the people at Munn's Hotel, on the mountain, three miles west of Wurtsboro, got up, they found Scott's horse standing by the watering trough and Scott lying on the ground with his foot fast in the front wheel. He had been dragged from the entrance to the Sullivan County Club, a distance of about a mile. His coat had turned up in such a way as to protect his head, but his back was badly cut and torn by contact with the rough roadway. His injuries were attended to and he was taken home in the afternoon.

He could give no account of how the accident happened. Little, who escaped injury, was seen walking through Wurtsboro, late Sunday afternoon.

SAT DOWN IN A FENDER.

A Colored Woman Struck by a Car Near Goshen.

The 2.08 car from Goshen, Saturday afternoon, W. M. Gould motorman, struck a colored woman named Mrs. Mann, near Ryerson's bridge. The woman stood by the side of the track as the car approached and the motorman, thinking that she wanted to board the car, slowed down. When the car was within a few feet of her she stepped on the track and began to walk away from the car. The motorman dropped the fender, which struck her on the ankles and she sat down in the fender. She wasn't much hurt and walked away.

Her husband, who showed up about the time the woman was picking herself out of the fender, expressed his opinion of women who didn't know enough to keep out of the way of cars that they knew were coming.

TWENTY-NINE KILLED

Full Extent of Bridgeport Trolley Disaster Known.

CORONER TO MAKE INVESTIGATION.

Theories as to the Cause of the Disaster—Bridge Said to Be Perfectly Safe—Thought That Motorman Lost His Head.

BY ASSOCIATED PRESS.

BRIDGEPORT, Conn., Aug. 7.—It is now believed that the number killed by yesterday's trolley disaster is twenty-nine. Hundreds of people are visiting the scene to-day and greatest grief prevails.

Coroner Doten is making arrangements to conduct an inquiry as soon as possible, and it is expected that the inquest will be begun this afternoon. The cause of the accident is the chief topic of conversation, to-day, and all kinds of theories have been advanced.

Engineer Starr, who superintended the building of the bridge, stated to-day, that the bridge was perfectly safe in every respect. In his opinion the motorman became bewildered as the car commenced to travel fast down the incline, and finding himself in a dangerous situation he lost his head and turned the current on.

THE BAR HARBOR HORROR.

No More Bodies Found—Condition of the Injured.

BY ASSOCIATED PRESS.

BAR HARBOR, Aug. 7—A careful examination by divers in the vicinity of the Mt. Desert ferry slip, the scene of the terrible accident, yesterday, and an investigation on shore by officials of the Maine Central Railway and others, this forenoon, seem to indicate that twenty victims reported in last night dispatches are all who perished.

It seems probable, however, that Mr. Southard, of Bangor, who was seriously injured, will not recover, but, aside from two other persons, who are suffering from pneumonia, those who were hurt yesterday were reported, to-day, as being in a favorable condition.

OFFICIAL CITY PAPER.

MONDAY, AUG. 7, 1899.

The love which the New York papers have for each other is shown by the accounts which some of them publish of the strike in the *Sun* office. After all, it is only a case of tit for tat, for the *Sun* had no end of fun at the expense of its rivals while the newsboys' strike was on.

As day after day passes and no new cases of yellow fever develop at the Hampton Soldiers' Home, the belief grows that there was no reason for the scare,—that the doctors were mistaken in their diagnosis and that the disease which caused a few deaths in the Home was not yellow fever after all.

This morning's papers brought news of two awful disasters to Sunday pleasure seekers. The trolley accident near Bridgeport, Conn., which resulted in the death of thirty or more persons and the injuring of many more, is almost matched in horror by the collapsing of the pier at Mt. Desert, when twenty persons were drowned and fifty hurt.

New Jersey has a band of up-to-date chicken thieves, who are said to use a mixture of chloroform and ammonia in stupefying the chickens that they steal, thus making it impossible for them to cackle an alarm. These scientific thieves extend their operations over two counties and have robbed over 400 hen coops in a month and there is no clue to their identity.

Congressman Ketcham, of the Dutchess district, who has served in thirteen Congresses, is said to have never made a speech. He has, however, done more whispering in behalf of his constituents than any man who ever went to Washington, and his whispering has made him so solid in his district that no man can beat him out of the nomination or the election.

Mr. Bryan announces his intention of going to Kentucky and making speeches in behalf of William Goebel, the regularly nominated Democratic candidate for Governor, against whom a bolt has been organized among some of the extreme free silverites, who object to Mr. Goebel because he was not "regular" in 1896. If Mr. Bryan can forget and forgive that defection surely his friends can do as much, and if Mr. Bryan can put an end to the folly that threatens to give Kentucky to the Republicans he will be rendering the Democratic party a most conspicuous service.

Ex-Gov. Altgeld makes haste to deny the accuracy of an interview in which he was reported as saying that the Democrats should not make next year's platform "top heavy with a 16 to 1 declaration," but should take up newer and more important issues. The denial was scarcely necessary. No one really believed that Gov. Altgeld, who was practically the author of the Chicago platform, would advise that Democracy move forward and make next year's campaign on new and up-to-date issues. Even with certain victory in sight on new issues, Altgeld cannot bring himself to mention or to put in the background a single article of the political creed he helped formulate in 1896.

A HAYMAKER'S EXPERIENCES.

One Day's Happenings that Kept Life from Being Monotonous.

A correspondent of the *Gazette* tells how Al. Rowland, of Sparrowbush made hay, a day or two ago, and "had, troubles of his own." While mowing he came near being bitten by a big copperhead, which he finally killed. Then a hungry cow ate up his vest which was lying on a stone wall, and some hungry boys stole his dinner pail and ate his dinner. In the afternoon he stirred up a nest of bumble bees which stung him several times before he could escape from them, and he wound up the day's mishaps by falling through the bottom of the hay wagon, scraping most of the skin from his legs. The next day he took a vacation.

Justice Wiggins's jury found for the full amount, with interest and costs.

Pleasing and Successful Entertainment in Aid of Public Library Fund.

Correspondence of ARGUS and MERCURY.

—The entertainment for the benefit of a public library fund, given in Wallace Hall, last week, under the direction of Miss Emma L. Ambler, of Middletown, was highly appreciated by the large audience present Tuesday evening. Though the thunder storm Wednesday evening prevented the attendance of many who had planned to come then, a number of the residents of the village was present to enjoy it a second time. The numbers on the programme were all so delightful that each deserves special mention. Master Andrew Birkenshaw was an ideal Cupid, and the quaint "Little Grandmothers" were warmly applauded, while the nine fair maidens in "The Garland Fantasties," led by Miss Brink, presented a moving picture of grace and beauty. The pantomime, "The Search for Happiness," in which Mrs. E. O. Moffatt, was the central figure, was impressively given. Miss Kotcham sang charmingly, and Mr. Sellery was repeatedly encored. Miss Ambler's renditions were pleasingly interpretative. "The Village Choir" could not be excelled and was greeted with applause, while "Comin' thro' the Rye" and the closing tableaux were beautifully effective. The able accompanist, Mrs. Samuel K. Seybolt, rendered invaluable assistance. Miss Mary E. Curman received a beautiful bouquet of roses. The entertainment will be repeated Tuesday evening, Aug. 8th.

THEY ALL SAY SO.

Not Only in Middletown, But in Every City and Town in the Union.

If the reader took the time and trouble to ask his fellow residents of Middletown the simple question given below, he would obtain the one answer. If he would read the statements now being published in Middletown, which refer to this answer, it would surprise him to note that they number so many. As many more could be, and may be, published, but in the meantime ask the first person you meet what cures backache? The answer will be, Doan's Kidney Pills. Here is a citizen who endorses our claim:

Mr. Wm. Dunlop, No. 32 Liberty St., who follows the occupation of a blacksmith, and can be found during working hours at the factory belonging to the Condensed Milk Co., says: "At first I had backache now and then, but by-and-by it became more frequent, and the first thing I knew I had more of it than I cared for. So severe was it at times I could scarcely stand it. Soreness in the lower part of the abdomen set in and the urinary organs were weakened, causing me to get up frequently at night and annoyed me during the day. My first efforts to get rid of my troubles failed, but I determined to try again, and procured Doan's Kidney Pills at J. C. Mills's drug store on North street."

Doan's Kidney Pills for sale by all dealers; price 50 cents a box. Mailed on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

DROWNED IN A TRAP

Two Hundred Persons Thrown Into the Water.

FERRY HORROR AT MOUNT DESERT

The Loss of Life Not Fully Known but Seventeen Dead Bodies Have Already Been Recovered—Many Were Seriously Injured.

BAR HARBOR, Me., Aug. 7.—With the lightest of hearts, amid laughter and exchange of merry comment, for so many of them were known to each other, nearly a score of excursionists ran to their death at Mount Desert ferry yesterday. The catastrophe was frightful in the extreme, for it came when scores of persons, young and old, were penned into a trap, to escape from which they fought with desperation against great odds. It was the worst accident remembered in the history of the state, and especially in the career of the Maine Central road, under whose auspices so many excursionists had been brought here. Two hundred of them, or about that number, rushing from the train to the boat which was to carry them to Bar Harbor, were without any warning plunged into the water through a fatal trap. Penned in on three sides by the piling of the wharf and on the fourth by the boat, they fought for a few minutes, while 100 or more excursionists, stupefied and failing at first to realize the enormity of the tragedy they were witnessing, looked down from the wharf above.

The Maine Central railroad yesterday ran excursions to Bar Harbor from all sections of its line in Maine, the attraction being the warships which were expected there. All the forenoon long trains packed with excursionists were rushing to Bar Harbor. The train which left Bangor at 8:25 consisted of 12 cars jammed with people. At Mount Desert ferry, the terminus of the line, the train is left for the boat for an eight mile sail to Bar Harbor. The trains run out on to the wharf, and it is but a step from the train to the boat. The wharf is owned by the Maine Central railroad, and the boat is a part of its system. From the wharf a slip or gangplank 40 feet long and 10 feet wide led up to the boat. The slip was hinged at the inner end, the outer end being supported by chains, by which it was raised or lowered to suit the tide. The wharf extends on both sides flush with the end of the gangplank.

When the excursion train from Bangor arrived at the ferry, there was a rush for the steamer Sappho. The first few passengers had crossed the gangplank safely, and it is estimated that 200 people were massed upon the plank. Suddenly they felt the plank give way beneath them. The long timber supporting the plank broke in the middle. The hinges held up one end and the chain the other, while the broken ends of the plank dropped, and a struggling, screaming mass of humanity was plunged into the water 15 feet below the wharf. A few clung to the inclined sides of the plank, but at least 150 were struggling in the water. The piling of the wharf partially penned them in on three sides, and the boat lying at the wharf closed the outer end of the opening. After the first moment of stupefaction the work of rescue began. Ropes and life preservers were thrown to the crowd, but in the panic the people in the water clutched one another, and many sank thus in groups in a death grapple. Many taken from the water were unconscious and were revived with difficulty. Doctors were summoned from all directions, but it was half an hour before the first arrived. The freight house at the ferry was turned into a morgue, the bodies being taken there for identification as fast as recovered. By noon 17 had been recovered. Three other persons were taken on board the Sappho and died on the way to Bar Harbor.

The positive identifications are as follows:

Mrs. Murray of Brewer, Irving Bridges of West Hancock, Albert Colson of Levant, Mrs. Alonzo P. Oakes of Bangor, Miss Grace Summer of Bangor, Joseph Murphy of Oldtown, Mrs. Hollis W. Exley of Ellsworth, Clifford Cushman of Corinth, Miss Lizzie Ward of Bangor, Charles W. Downes of Ellsworth, F. E. Sweetser, traveling salesman, of Portland; Ora M. Lank of Danforth, G. H. Bennett of Brewer, Mrs. G. H. Bennett of Brewer, Mrs. Charles Stover of Ellsworth, Melvin McCard of Corinth, Mrs. A. H. Billings of Bangor, Mrs. George Derwent of Bangor, Miss Lewis of Hampden, Me.; unknown woman, believed to be a saleswoman for a Boston publishing house.

The exact number of dead will not be known for some time yet, as a strong tide sweeps under the pier, and some bodies may have been carried away by it. A diver, who was set at work without delay, was engaged in his search until 5 o'clock, but only 17 bodies were found.

Toral and Pareja Acquitted.

MADRID, Aug. 7.—The supreme court martial before which Generals Toral and Pareja have been on trial, charged with surrendering Santiago, Cuba, to the United States forces without having exhausted all means of defense, has acquitted both officers on the ground that they acted upon the orders of their superiors and only surrendered when it was impossible to do otherwise. The judgment severely censures those in high command in the colonies and in Spain as well as the governments responsible for the lack of resources for the defense of the colonies. It was rendered by a majority of one vote only and is not well received by the press and public, who wanted a clearer exposure of relative responsibility.

Dewey Reception at Naples.

NAPLES, Aug. 7.—Mr. Lewis M. Iddings, secretary of the United States embassy, and Mrs. Iddings, who arrived here Saturday from Rome for the purpose of welcoming Admiral Dewey, gave a banquet to 18 guests last evening in his honor at the Hotel Royal. The room was richly decorated with flowers and hung with American and Italian flags. Mr. Iddings toasted King Humbert, President McKinley and Admiral Dewey. There were no set speeches.

Cubans Await Pay.

SANTIAGO, Cuba, Aug. 7.—There are nearly 5,000 Cuban soldiers in town expecting to be paid here today. The remainder of the Cuban troops in the province of Santiago will be paid at the towns of San Luis, Cristo, Songo and El Caney. Colonel Moale, on the United States transport Ingalls, arrived Saturday with the money. All the incoming trains are crowded with Cubans. No new cases of yellow fever were officially reported yesterday.

Riotous Demonstrations In Paris.

PARIS, Aug. 7.—The Socialists organized a demonstration yesterday in the Place Maubert, near the statue, by Guilbert, erected to Etienne Dolet, who was burned in 1546, during the reign of Francis I, for "impiety and atheism." A counter demonstration met the Socialist procession nearly opposite the offices of the Intransigeant, M. Henri Rochefort's paper, and a scuffle ensued in which several persons were injured.

Doty Will Test the Serum.

NEW YORK, Aug. 7.—Health Officer Doty announces that he has made arrangements to have a test made of the yellow fever serum among patients suffering from that disease at Bahia, Brazil, where considerable yellow fever has been reported. The serum, with the apparatus for its use, was sent on the Belgian steamer Hevelius of the Lamport & Holt line.

The Child Found.

MUNCIE, Ind., Aug. 7.—The chief of police has received word that the missing boy, Cunningham, had been found at Bellefontaine, O. Cunningham, who disappeared during the Elks carnival, two months ago, is supposed by his parents to have been hypnotized by a negro patent medicine man who was here during the carnival. The boy is but 12 years old.

READY TO TRY DREYFUS.

The Momentous Case Opened at Rennes Today.

RENNES, Aug. 7.—The town is extremely animated, but everywhere perfect tranquillity prevails. Public interest is concentrated upon the arrival from Paris of various personages likely to figure in the trial of Captain Dreyfus. Among these are Generals de Boisdeffre, Gons and Roget, all in mufti; M. Godefroy Cavaignac, former minister of war, and M. Casimir-Perier, former president of France.

A large crowd which had gathered around the railway station greeted the generals on alighting from the train with cries of "Vive l'armee!" The revisionist spectators responded with "Vive la republique!" but there was no disturbance of order.

M. Casimir-Perier, who was much fatigued by the long railway journey, decided to walk to the hotel, hoping that he would not be recognized, but his identity soon became known, and a large crowd followed him as, attired in a light summer suit, he walked slowly along, chatting with the prefect of police and the chief of the secret police, M. Vignier, who met him at the railway station and accompanied him to the hotel.

The crowd made no demonstration. The authorities, however, deemed it wise to maintain the most stringent precautions for the safety of the former president, and six gendarmes now patrol the front of the hotel where he has apartments, while a number of detectives watch the entrance hall closely and scan all arrivals.

It is now fixed that the trial shall commence today. After the indictment has been read it is thought probable that the president of the court martial, Colonel Jouaust, will order the doors closed for the consideration of the secret dossier, which will be presented by General Chamoin. The consideration of the dossier, it is expected, will occupy two days, so that the next public session will probably be on Thursday, although perhaps not until Friday. The general impression is that the whole proceedings will occupy at least three weeks.

THE PRESIDENT'S SUNDAY.

McKinley and His Secretary Attend Church—Root Expected Tomorrow.

PLATTSBURG, N. Y., Aug. 7.—President McKinley, accompanied by Secretary Cortelyou, attended church yesterday morning, driving up from the Hotel Champlain behind a pair of somber grays. When he entered the church the entire congregation arose and remained standing until he had been seated in the pew of Hon. Alfred Guilford. Bishop Goodsell of Tennessee preached the sermon, taking his text from St. John ix, 29.

Dr. Joel W. Eaton, presiding elder of the Champlain district of the Troy conference, in his prayer asked that "the blessing of God might rest upon the president of the United States and that through us the uncivilized people of other lands might be lifted up."

Miss Elizabeth Johnson of Plattsburg sang as an offertory, "I will lay me down in peace." At the close of the services the congregation remained standing until the president had reached the street.

Everything is ready for the yacht races today. Dr. W. Seward Webb, Miss Webb and W. D. Sloane came over on the Elfrida yesterday from Shelburne Farms, Vt. President McKinley and Mrs. McKinley, Vice President and Mrs. Hobart and several invited guests will witness the races today from Mr. Webb's yacht. Sir Wilfrid Laurier, the Canadian premier, has reconsidered his determination to visit Hotel Champlain while the president is here, and therefore will not arrive this week as was expected. He believes that a visit here at the present time would cause a great deal of unpleasant comment.

Secretary Root will arrive here tomorrow morning for a conference with President McKinley.

Another Kentucky Shooting.

LONDON, Ky., Aug. 7.—Saturday night, at East Bernstadt, this county, while Clay Thompson, aged 18, son of Deputy United States Marshal George Thompson, was leaning against a telegraph pole a young man named Holt came along and told Thompson to stand aside as he wanted to shoot at the pole. This Thompson refused to do. Again Holt told him, and again Thompson refused. Then Holt drew a 45 Colt and fired at the pole, hitting Thompson, who is fatally wounded, the ball passing through his body one inch from his heart.

A Quiet Sunday in Cleveland.

CLEVELAND, Aug. 7.—It is announced that all the military will be withdrawn from Cleveland perhaps before night. Yesterday was one of the quietest days since the beginning of the strike. Violence has ceased entirely, and there is no apprehension of a fresh outbreak. The action of the merchants in declaring their purpose to resist the boycott has already had its effect. The cars were well patronized yesterday on the Euclid and Cedar lines, and there was a noticeable increase in the number of passengers carried on other lines.

Burned by Carbolic Acid.

CEDAR RAPIDS, Ia., Aug. 7.—While melting carbolic acid crystals over a stove Mrs. Fred Gregg of Springville was fatally burned by the explosion of the vessel containing the liquid. She was covered from head to foot with the boiling acid, and a sister who went to her assistance was also frightfully burned.

Nebraska's Large Crop.

OMAHA, Aug. 7.—Railroad traffic men and grain dealers, who have been making a probable estimate of the corn crop of Nebraska, put the total at about 300,000,000 bushels. This will be the largest crop in the history of the state. Recent rains have, it is believed, put the crop beyond danger of even partial failure.

Lord Curzon's Scheme.

SIMLA, Aug. 7.—The scheme of Lord Curzon of Kedleston, viceroy of India, respecting frontier defense has been approved by the imperial government and published here. It provides for the withdrawal of the regulars from many frontier garrisons and the substitution of tribal militia, which will result in large economy.

German Skipper to Aid Shamrock.

LONDON, Aug. 7.—The Exchange Telegraph company announces that Emperor William has consented that the skipper of his yacht, the Meteor, Captain Ben Parker, shall go to New York to assist in sailing the Shamrock in the races for the America's cup.

One Armed Rider Ahead of Time.

CHICAGO, Aug. 7.—Albert V. Roe, the one armed postal telegraph messenger who is riding a bicycle from New York to San Francisco, arrived in Chicago yesterday considerably ahead of his schedule. He will resume his journey west in the morning.

A PLUNGE TO DEATH

Trolley Car Falls With Frightful Loss of Life.

THIRTY-SIX KILLED, MANY INJURED

Accident Occurred Near Bridgeport, Conn., on a High Trestle of a Newly Opened Street Railway. Only Two Passengers Escape.

BRIDGEPORT, Aug. 7.—The most frightful catastrophe recorded in Connecticut for nearly half a century occurred shortly before 4 o'clock yesterday on the Stratford extension of the Shelton street railway, when a loaded car went off the trestle over Peck's Mill pond at Oronoque, about six miles north of Bridgeport, and sunk in the flats 40 feet below. Thus far 36 people are known to be dead and several more injured. Only two persons are known to have escaped unharmed. It is believed that there were 43 passengers on the car but the indicator was removed by a conductor of another car and spirited away, so that at present it is impossible to state accurately the number aboard.

The scene of the accident is midway between Shelton and Bridgeport. The car was north bound, running toward Shelton. It was in charge of Conductor John Carroll of Bridgeport, who was among the killed, and Motorman Hamilton of Bridgeport. He escaped by jumping.

The trestle is 440 feet long, made of iron, with stone foundations, and was not protected by any guard rails. South of the trestle is quite an incline, on which the car ran down at a very fast rate of speed. After it ran on to the trestle for about ten feet the trucks left the rails and then the car continued on the ties for about 75 feet, when it went off the trestle and dropped into the pond below, overturning completely and up ending. When the car struck, the motor, which weighed four tons, and the heavy trucks crushed into it, instantly killing many of the passengers.

Drs. J. C. Lynch, R. W. Ivors and J. M. Johnson of Bridgeport, who were passengers on a car a short distance behind, were quickly at the scene and rendered all possible assistance to the injured. Word was quickly sent to Bridgeport, and three ambulances and a police wagon were hurried to the scene, and the injured were taken to the Bridgeport General hospital. A number of other conveyances were also pressed into service to convey persons to the hospital. Medical Examiner Coggswell of Stratford improvised a morgue in the main room of the town hall at Stratford, and in a very short time 23 bodies were laid out awaiting identification.

The accident was witnessed by Miss Frances Peck, who resides about 400 feet from the bridge. She was up stairs at her home as the car was passing, and she claims that it was running at an unusually high rate of speed. Frank Cramer, who was bathing near the bridge, states that the passengers were all singing and in the most joyful mood as the car passed near him.

The road, which is practically controlled by the Bridgeport Traction company, was opened for traffic last Thursday. President Andrew Rudell was in Derby when he received news of the catastrophe, and he immediately drove to the scene.

He was completely prostrated when he saw the extent of the disaster.

It is now claimed that 36 people were killed in the accident. The identified dead are:

Joseph Hotchkiss of Bridgeport, engineer fire department; Henry C. Cogswell of Bridgeport, aged 69, employee of New York, New Haven and Hartford railroad and member of board of education; Orlando B. Wells, aged 63, shoemaker; Selectman Elias E. Bradley and wife of Milford; William Osborn of Stratford, Daniel Galvin of Ansonia, Conductor John Carroll of Bridgeport, S. Banks of Shelton, Mrs. McDonald of Bridgeport, Winton Lanthear, motorman for Bridgeport Traction company; Bessie Toomey, 22, of Bridgeport; William H. Harvey, 37, of Bridgeport; Mrs. J. H. Rugg of Stratford, Mrs. Frank Blew and two children—boy aged 3, girl 5—of Stratford; William McCullough of Stratford, Thomas McNally, 30, of Bridgeport (identification not positive); Peter Ring, 28, of Bridgeport; Patrick McDermott, 50, of Bridgeport; Frank Kraft, 25, of Bridgeport; Mrs. Patrick Brennan, 50, of Bridgeport; Alfred Pitt, 22, of Bridgeport; William Cotter, 25, of Bridgeport (identification not positive); Irving Doruse, 23, of Bridgeport; Mrs. William H. Harvey of Bridgeport.

Among the seriously injured at the Bridgeport hospital are:

Mrs. Sidney A. Pitt of Bridgeport, right leg fractured twice; Margaret Farrell, right leg amputated above knee, will probably die; George Hamilton, scalp wound, injury to leg; Frank Kratt of Bridgeport, injuries about head and back; Fred Hillerous, scalp wound, bruised about body; Matthew Olbin, scalp wound, cut and bruised generally.

ON THE TIP OF THE TONGUE

A month ago, a man who signed himself Rex, advertised in the Norwich *Sun* that he wanted to make the acquaintance of a reputable widow with a home of her own. Whether Mr Rex wanted a wife or a home was left to the imagination. Last week, however, he called at the *Sun* office and delivered himself of a growl at the dullness of Norwich matrimonial market. He said he had received several answers to the advertisements and made personal calls upon the ladies who addressed him. He found that of those who desired to get married none had sufficient means to support themselves much less to take care of a husband. One woman was so destitute that he at once reported her to the poor master another took in washings to support a family of four children and an aged mother, and still another who was comfortably situated and a member of the church, bore such a reputation as a chronic scold, that the seeker for matrimonial bliss did not care to tackle it.

Mr Rex shook his head with a look of discouragement as he said "I find Norwich lively enough in most things but my experience has taught me that stock in the matrimonial market here is exceedingly below par. I shall be obliged to go elsewhere to find the sort of wife I want."

A gentleman of this city, who is summering at a well known Sullivan county health resort was put in the room next to that occupied by a young couple. Saturday night and the following curtain lecture by the young Mrs Cordle came through the thin partition which he awoke early Sunday morning.

"I'm glad of it. I hop your arms will hurt you awfully. I hope you'd suffer for two weeks—the very idea of you going around with your sleeves rolled up just like those country guys. You don't see the other gentlemen with their sleeves rolled up exposing their bare arms. Why don't you get boots and stick your trousers in them. I just hope your arms will hurt you all the while we're here—that's what I do."

Some of the incoming stations along the O and W nowadays would drive a man down to Mobile. Every twenty women seen, one who is out of the ordinary run of features attracts the eye to a second look. Short skirts, comfortable enough predominate but boy disclose a great many weak ankled women with very large and ungraceful turned feet.

The men are better looking. There's no doubt about it. They are better dressed too and when knee trousers are worn generally show calves of which they are proud. Both sexes on getting off the stations seem to be most there as also lately nothing else to do. They tend to the station in a three seated wagon or which seats enough have been seen. Upon the arrival of two old broom corn question committees at once. The important point of the new arrival then enters the topic of conversation for the next two days.

Saturday is the only pay day at Ausable and expected to produce a Middletown opera house troupe. Efforts to secure an engagement were made, but the following Saturday is the only day on which the company could be induced to come. The business men generally speaking, were disappointed.

Yesterday strikers that of the old days on the links of the Harbor Hill Coal Company at Staten Island. They have been getting thirty cents a round of eighteen holes and demanded forty cents, and on a reason demanding more money is that regular caddy portion is well, what plays to refresh themselves with Scotch and soda. There are about 100 boys on strike and they are running things with a high hand stoning all golfers who venture to use the links and vowing all sorts of vengeance on such caddies who may attempt to take their places.

IMPORTANT DECISION

May Check Shipment of Arms to Rebels.

EYE OPENER FOR CHINESE OFFICIALS

Consul Goodnow Holds That China Is Responsible For Any Arms Which Get to the Filipinos Through Its Neglect.

WASHINGTON Aug 7 Hon John Goodnow consul general of the United States at Shanghai has rendered a decision as referee in the consular court which will be of far reaching importance during the continuance of the war in the Philippines. The case was in relation to the steamer Abbey charged with taking arms from Canton to Luzon. It has been in contention for some time. The owners of the vessel gave a bond that the ship would land the arms purchased at Singapore but she did not do so. The bond was demanded by the Chinese customs authorities. Mr Goodnow holds that it must be paid.

The importance of the decision is pointed out by the Shanghai Mercury which says:

The effect of the decision of Mr Goodnow reaches much beyond the merits of being judgment for the plaintiff with the penalty of the bond and the costs of the suit. Hitherto the American forces at Manila have had to fight against Filipinos well armed with modern rifles and guns and it is no secret that the majority of these arms have been landed in the Philippines from China ports. While United States consular officials have received information that consignments of weapons were about to be shipped from China their urgent protests to the Chinese authorities have been the means of stopping shipments. But when the United States officials through want of knowledge have been ignorant of such contraband runs the Chinese officials have likewise been blind to these shipments though in fact well aware of such.

It is in this respect that Mr Goodnow's decision is important. On the strength of that judgment the officers of the imperial maritime customs of China must now search for all arms they suspect shipments of arms to insurgent nations. It has been decided in the meantime by the customs authorities that China is liable for any shipments of arms which reach the Philippines through lack of diligence or hesitancy on the part of the customs or the Chinese officials. Therefore the judgment in the Drew versus Sylvester case will be the means of checking the chief source of supply of arms and warlike materials both Filipinos have possessed.

The North China Daily News publishes the decision of Consul General Goodnow with full comments editorially upon its importance in the matter of preventing further shipments of arms to the insurgents in the Philippines and says that all the foreign merchants affected by the decision are losing no time in bringing them to the bar of justice.

Banks Real Estate Not Taxable

TRENTON Aug 7—The Trenton assessors have made a decision that real estate owned by banks is not subject to taxation. The law passed last winter provided that in taxing bank property only bank stocks should be assessed. Heretofore the real estate has been assessed against the banks and allowance made for the same in determining the assessed valuation of the bank stocks. Objection to the new law comes from the fact that a large portion of the tax heretofore paid on real estate will now be paid indirectly into other municipalities.

There was some talk of lifting the quarantine today but opposition was met with and nothing was done.

A FOUL MURDER.

Girl of Thirteen Killed by a Friend Who Remembers Nothing.

WASHINGTON, Aug 7—A horrible murder was committed yesterday in the northeastern section of the city. The murderer was Benjamin H Snell a special examiner in the pension office a man about 45 years of age. His victim was Liza Weissenberger a girl 13 years of age who had been employed in his household until a few months ago when she was taken home by her parents who became suspicious of Snell's conduct toward her. Snell seemed to be infatuated with the child and paid her a great deal of attention, which however, she resented. Yesterday morning Snell went to his victim's house and entering at the front door passed in through the middle room where the girl was sleeping, to the dining room door. While standing at the door the mother ordered him out of the house. Snell started to go passing again through the room where the child was.

He bent over the sleeping child and drew her from the bed. Awakened suddenly, she screamed in terror. Twisting one hand in the girl's hair and throwing back her head, Snell drew a razor from his pocket and swept it across her throat. Twice he slashed her throat and once he missed cutting a great piece of flesh from her cheek. The head was almost severed from the body and both the murderer and his victim were drenched with blood.

Attracted by the child's screams the mother ran to the rescue. In a frenzy she grappled with the murderer and was badly slashed on the arm with the razor. The murderer attempted to escape but was soon captured by the police and locked up in the Ninth precinct station. He refuses to give any explanation of his acts and says he remembers nothing about them. The murderer is a native of Vermont and was at one time employed in a bank at Montgomery, Ala. He has a wife and two children.

THE YAQUI UPRISING

Indians Said to Be Arranging For a Long War.

AUSTIN Aug 7. A special dispatch received here at Eagle Pass from Terrasa Chihuahua Mexico which is located near the seat of the Yaqui uprising is to the effect that the Indians are arranging for a prolonged war. The dispatch says:

The Mexican government will need a fighting force of troops to quell the rebellion. The Yaquis are better prepared now than ever before for a long and bloody campaign. They are all well armed practically nearly all of them having saved the $200 per head which the Mexican government paid them when they signed the treaty of peace two years ago. They have been making many secret drills, and it is known that the rebels have in a big supply of arms and ammunition for some time past. It has been common talk among the Yaquis that the Indians were preparing for another outbreak but as the Indians had always shown a friendly spirit toward the Americans it was thought they would not molest them when they did go on the warpath. They are determined to recover all of their lost country and will kill everybody they find within the limits of their old possessions.

The big fight is says that a number of miners and ranchmen in and near Cocorit have been slain and their property burned.

After Moonshiners

CHATTANOOGA Aug 7—United States revenue officers have raided two distilleries in Polk within three miles of Cleveland reports. Both stills had been in full blast and the business for several months, whiskey selling at Cleveland at a high price and had looked as near these lines using the moonshiners keeping the thing off the track. Both stills were in active operation when raided. The first was owned by Mose Lee. Twelve hundred gallons of beer and 50 gallons of low wine were found destroyed. The second still was owned by G. W. Langham. About the same amounts of beer and wine were found and destroyed. Langham escaped.

Not to Abandon 16 to 1

CHICAGO Aug 7 John P Altgeld denies that he has said in an interview that the reason ratio might be abandoned is that the Democratic party might weaken on the ratio. Mr Altgeld says that both at St Louis and at Louisville he said that to abandon the ratio would be to abandon the cause. There he says are still his sentiments.

ANGEL CHILDREN

Is there any happier woman in this world than that mother whose each successive little one seems to her but one more darling angel to continually lift her thoughts toward the sunshine of perfect happiness? But sorry is the lot of that poor mother to whom motherhood has ceased to be a cause of rejoicing but has become instead a burden to be dreaded and looked forward to with melancholy and apprehension. "About three months before our last baby was born (which is our fourth) writes Mrs Nellie Carl of Myrtlepoint Coos Co Oregon my health was very poor. I had been troubled for about eight years with female disease. I doctored with good physicians but obtained no relief so I wrote to the World's Dispensary Medical Association and was advised to take Dr Pierce's Favorite Prescription and Golden Medical Discovery. I did so and am happy to say my health began to improve and I did my work up to the last, and felt splendid. I got Adam, finely during confinement and have the healthiest baby I ever saw. When he was three months old he weighed eighteen pounds, he is now seven months old and weighs twenty four pounds. I can say I have had no return of my old troubles. I thank you very much for the good you have done me."

Any woman may write to Dr R V Pierce of Buffalo N Y a statement of her case which will be considered in absolute confidence by this physician who stands among the foremost specialists of the century in the treatment of women's diseases. He will send her (in a plain sealed envelope) sound sensible, valuable advice free of all charge.

Dr Pierce's great thousand page, illustrated Common Sense Medical Adviser will be sent free paper bound, for 21 one-cent stamps to pay the cost of mailing only, or cloth bound for 31 stamps.

Ruled by Nerves.

It cannot be too strongly impressed on the minds of American men and women that the nervous system rules every action of our bodies and controls all the affairs of our existence It is the fountain from which flows the very essence of life and which preserves throughout all the years of our lives that personality and individuality that makes each one of us what we are When the nerves become irritated or exhausted from sickness or strain when the brain has been weakened from overwork, loss of sleep, or any cause whatever, derangements of the nerve centers follow, and such manifestations as palpitation neuralgia, headache, dyspepsia, nervous prostration follow as a natural result Dr Miles Restorative Nervine is fully competent to correct all such disordered conditions of the nerve centres It gives the tortured nerves a rest and permits them to recover their tone and steadiness It invigorates the digestive organism, puts new life into the blood and soothes the tired brain to sweet refreshing sleep By it thousands of weak, sickly incompetent invalids have been made strong and healthy

"Four years ago I suffered an attack of bilious fever which left my stomach in a very weak condition The nerves seemed to be prostrated and I suffered distressing pains after eating Gas would form in my stomach and cause me to feel weak and sick I was treated by physicians in Portland but they were unable to relieve me A friend advised me to take Dr Miles Restorative Nervine which I did The results were in every way entirely satisfactory I was cured of my stomach trouble and since then my health has been splendid

THE

NEW YORK WORLD

THRICE-A-WEEK EDITION.

Practically a Daily at the Price of a Weekly.

The striking and important events of the last year have established the overwhelming value of *The Thrice-a-Week World* to every reader For an almost nominal sum it has kept its subscribers informed of the progress of all our wars, and, moreover has reported them as promptly and fully as if it were a daily. With our interests still extending throughout the world with our troops operating in the Philippines, and the great Presidential campaign, too, at hand, its value is further increased

The motto of *The Thrice-a-Week World* is improvement It strives each year to be better than it was the year before and public confidence in it is shown by the fact that it now circulates more than twice as many papers every week as any other newspaper not a daily, published in America

We offer this unequaled newspaper and THE MERCURY together one year for $2

The regular subscription price of the two papers is $2 50

INTERESTING REPLEVIN SUIT

Tried at Bullville Saturday, Before Justice Green and a Jury

A replevin suit in which the people of Bullville and vicinity manifested much interest was tried there Saturday afternoon before Justice George S Green and a jury The matter in dispute was the title to a certain cow planter which the late Grant Lewis of Wright bought at a public auction sale in April last The plaintiff Frank Carpenter alleged that he had purchased this particular planter at private sale of Mrs Stella Lewis a few days previous to the auction Mrs Lewis however repudiated the contract because after the auction she found she had been misrepresentations made by Carpenter and the cow was sold to the highest bidder and it was knocked down to Mr Cortright

The case was vigorously contested while the thermometer marked 92° in the shade with an occasional rise to 120 inside The jury after 30 minutes deliberation returned a verdict of no cause of action and the plaintiff was compelled with a heavy bill of costs and will in the future plant his corn with a hoe

William J Burk appeared for the plaintiff while the defense was managed by J O Austin of this city
